THE INTERVIEW LAB

We know – because you tell us – that one of the main barriers experienced whilst Job-hunting is a lack of confidence, and a fear of the unknown. If you haven't worked for a long time, the thought of the interview process and of a new environment can be extremely daunting. This is why we've come up with The Interview Lab. This new programme, funded by the Lottery Awards for All and Camden Giving KX Fund, will aim to address everything and anything that will help to boost your confidence, get interview-ready and feel motivated about the future!

CONFIDENCE BUILDING WORKSHOPS

INTERVIEW SKILLS WORKSHOPS

MAKE-UP AND SKINCARE WORKSHOPS

September to December 2017 schedule

I would like to send a BIG, MASSIVE Thank you to all of the people at the Job Hub. I would especially like to thank Julia and Ziaur who helped me through my job searches.

I was made redundant in October 2016, after working for 10 years with the same company. I approached the hub for help and guidance to find a new job, because I did not realise how different and hard it was going to be as things had changed so much since the last time I had to apply for work.

My daughter had told me how helpful the hub was, so I thought why not give it a try. I took my most recent CV in and met Julia (what an angel), she helped me to update my CV so it would be attractive to potential employers. I then felt confident enough to send out my details. I even applied to be a train driver from Kings X, but unfortunately I didn't get offered a job. I had a lot of response from agencies. I also had a lot of help from Ziaur (another angel) who was also able to give guidance and advice on a whole variety of subjects including help with jobseekers, and benefits.

While I was searching for jobs, I had a lot of personal problems including the death of my husband and three other close family members all in a matter of two months.

Julia and Ziaur both helped me through all of this which I will be eternally grateful to them for.

I now have a job which I am very happy with but I still believe that I will always be welcomed at the hub at any time.
